

NEWS FROM ADULT AND COMMUNITY EDUCATION

During 1982-83 24 adults earned their high school diplomas or G.E.D.s in S.A.D. 44. Since June three additional G.E.D.s have been awarded. The S.A.D. 44 Adult and Community Education program will offer a full range of opportunities for adults who seek to complete their high school diploma or earn a G. E. D. Adults who wish to work toward a Telstar Regional High School diploma receive credit for work completed when they were enrolled in school, as well as for work and military experience, and for courses taken since high school. After prior credits are reviewed, a program of study is designed and the student is enrolled in evening courses.

This fall, Nancy Fox will offer English, covering reading, writing and literature. Rodney Abbott will teach Current Problems, H. Berry will teach Algebra I, and a course in Refresher Math may be added. Ann Holt will be directing the Adult Learning Center which will allow students to work individually in reading and math.

Adults who wish to earn a GED through the successful completion of the six-hour exam, take a pre-test administered at the Adult Learning Center, or by appointment at the Adult Education Office and then either take the exam, or do necessary brush-up work, usually in the Adult Learning Center, or at a small-group class. GED classes will be offered at different times and places throughout the district during the year. Anyone who is interested in participating should contact the Adult and Community Education Director Cathy Newell, 824-2136 as soon as possible.

Adults who are unable to participate in evening classes because of problems of work, transportation, or babysitting, and who are academically-qualified, may participate in the External Credit Option program. Last year students from Newry, Upton and Andover were able to earn adult high school credit through the External Credit program. Learning packets are available in social studies, English, math, science and business subjects. Randy Bennett is the External Credit instructor.

The S.A.D. 44 Adult and Community Education Advisory Council will meet on Tuesday evening, Aug. 30, at Telstar Regional High School at 7 o'clock. A goal-setting workshop will be the main agenda item. Anyone who is not a Council member but would like to participate in outlining direction for the coming year is most welcome to attend.

What a real hot and humid week we had last week.

Sent in by Viva Whitman:

Days are getting shorter, nights are getting cooler and it won't be long before the big yellow school buses start rolling along the highways again. We have even started a fire a few times in the morning and it felt good to have the heat from the old wood stove. Monday was such a day. There's always plenty of rubbish of burn and it warms the rooms just enough to keep us from feeling chilly.

Russell picked string beans and, working together, we canned them. I took care of little Eva Yates part of the afternoon and then she went up to visit Peggy a while. After her mother came and got her, Russell, Peggy and I headed for Bryant Pond for a Grange meeting at Franklin Grange. It was Past Chaplain's Night and I had been asked to be Lecturer. Russell and Peggy also filled officers' chairs that night. I was glad to have a few extra ones-offer to be on the program, as it made it so much better. I want to thank all who helped on the program, for it is sometimes hard to get up a real good program and offers of help are welcomed.

Didn't do too much Tuesday but be lazy. Peggy had things to do in Rummford so went on her way, but Russell, like myself, felt a little lazy so just worked on Grange records to while the day away.

Got a little busier on Wednesday. Russell had started to trim out old bushes from the raspberries and did more on them. He also cut broccoli for me to freeze and Peggy cut the Swiss chard, so I took care of that too. After lunch we went to town and did a few things then headed for Fryeburg and our doctor's appointments. Seems we always have to have a picnic lunch or supper when we go over there, as it takes quite a while and can't get appointments at the right time. We don't mind too much though and stopped by Fryeburg fairgrounds to eat on this trip. People were coming and going and the gate was open, so guess they are working on the grounds getting ready for the fair in October. It takes a lot to get everything in order.

We were on the go again Thursday morning, only this time we headed for Norway where I had an appointment then we did a little shopping around before starting home.

In the afternoon Peggy's grandson, Jim Merrill, came and helped gather up hay that was out in the field. Russell uses it to put around the house to keep out the cold in the winter.

Had two or three foggy or hazy mornings and Friday was one of these days. However it cleared and was a good day. Had little Eva

with me most of that day. She is a good girl so don't mind having her around at all. Russell picked string beans and we had them to can, also had to go to town for an errand or two. While there, we stopped in to see how Dr. Shedd's office was coming along in the old Dr. Tibbitts' house. They are sure doing a lot of work there, and still have a lot to do. It's a dirty dusty job, but I am sure it will be nice when done. Karen Brown was there working at cleaning the outside of a chimney with a light wire brush that goes onto an electric drill. She had on goggles and mask to keep out the dust and she sure needed them for that dirty job. I don't envy them the job of getting the house in order; it looks like quite a task.

In the evening as we sat down to supper, we saw a car turning into our driveway but didn't recognize it until it got into the yard where I could see the rear of the vehicle. I knew then that it was Darrell Joslyn from Pennsylvania who called on us last year. He still has the little car as his hotel on wheels. He sure has it packed for his convenience and it doesn't look crowded at all. He said he had even had a couple ride with him some this past winter. When you look inside you wonder where they would sit and put their luggage, but he said they managed very nicely. He was in Mexico and down in Guatemala this past winter as well as lots of other places. We always enjoy having him call and tell where he has been and about the country he has seen. He has traveled so much and seen so many places and people; he can tell you some very interesting stories. After his visit with us he was going into New Hampshire to visit friends before going home to Pennsylvania.

Sunday is supposed to be a day of rest, but we seem always to have plenty to do around here. Russell finished cutting out the old bushes from the raspberry patch; I did a little special cooking then went looking over my things to see what I might have for the Flea Market at Bear River Grange Hall next Saturday, the 27th. Laura and Bernard Hutchins came in the afternoon and pulled and hauled away the corn stalks that were through bearing corn. Later in the evening, Peggy came home from a week end visit with her daughter, Myrna, and husband Bernard White. They were at their cottage on Thompson Lake and Peggy wanted to spend a week end with them before they move back to their home in Auburn for the colder months. She told of seeing a mother duck and 16 little ones swimming around there. She had seen them earlier

Mrs. Hallie Harriman has sold her place and moved to Norway. Bob Millett of Norway visited friends here last Saturday.

Sheryl Barnard left Saturday with her little dog for Germany where she will meet her husband. They will be gone three years. The Nelson family went to Boston Saturday to see her off on the plane.

The turkey supper drew a large crowd Thursday night; also the World's Fair started, so many went to that also.

Mrs. Vesta Nelson went to see her doctor in Norway one day last week.

David Curtis of Wilmington, Mass., visited his parents at their camp over the week end.

Mr. and Mrs. Steven Taylor of South Paris, were supper guests of her son, and family at their camp on Lake Kewadyn Friday night.

Mr. and Mrs. Errol Barker have put their home up for sale and moved to South Paris. They will stay with their granddaughter, Mrs. Judy McAllister for a while.

Mr. and Mrs. Snip Doughty of Norway are staying at their camp on Lake Kewadyn for a few days.

In the summer when they were smaller and wondered if they would all survive, but the count was the same now as then, so guess they have lived well. It is fun to watch them play around in the water, but it must be a headache for the mother duck to keep track of them.

Hope everyone remembers the Flea Market at Bear River Grange Hall at Newry Corner next Saturday, Aug. 27. It starts at 10 a. m. and runs till 3 p. m. There will be lots of goodies for sale, as there are different people with different items, both second hand and new. There will also be refreshments on sale in the Grange Hall for anyone who gets hungry. Come one, come all, and see what there is that you might get for gifts for others or for yourselves.

In the evening, we will be having a regular meeting of the Grange, so hope all the members will be there. We will have our usual potluck supper preceding the meeting.

Guess I've taken up enough space for this time, so take care everyone.

NOTES FROM Evans Notch

White Mountain National Forest
Human resources as well as natural resources are important on the Evans Notch Ranger District of the White Mountain National Forest. Volunteers and Youth Conservation Corps enrollees have contributed much to the District and to the American citizens, owners of the National Forests, this summer.

In 1972 Congress passed special legislation to enable interested citizens and groups to assist in the important conservation work of the United States Forest Service. On the Evans Notch District, the following volunteers have played an important role in resource protection and management. Barrie and Eva Rogers of South Paris have spent eight weeks as campground hosts at Hastings Campground. They have courteously answered questions, provided information, and done light maintenance work. Bob, Leah, and Tom Devine of Middlebury, Mass., spent two weeks in the Wild River area doing trail maintenance work. Allen Blodgett of Acton, Mass., has spent 10 weeks in the backcountry, greeting visitors, assisting hikers, and maintaining trails and shelters. Tom Wheeler of Rochester, N. H., and Mike Caldwell of Locke Mills have been active in the Adopt-A-Trail program. Tom has spent approximately 10 days on the Black Angel, Spruce Hill, and Baldface Trails, while Mike has been keeping the Miles Notch Trail in good shape this summer. David Luxton of West Bethel grafted apple trees at the Bear Orchard and Wildlife Area this past spring, and the results of his work look very encouraging.

These volunteers have provided

A small but enthusiastic group attended vacation Bible School last week. On Friday afternoon the children and their mothers were invited to Sheila Head's for swimming and refreshments.

A public supper will be held on Saturday, Aug. 29, at the Church, 5:30 to 6:30. We will be seeing you there! Benefit Union Church.

for increased visitor enjoyment of District lands, have enhanced wildlife habitat, and have saved taxpayer dollars through their contributions. All volunteers will be awarded the Forest Service Certificate of Appreciation for their efforts and have expressed interest in continuing their volunteer work.

The purpose of the Youth Conservation Corps Program is threefold. First, enrollees develop an appreciation for this nation's natural resources. Second, needed conservation work is accomplished on public lands. And finally, employment opportunities are provided for area youth. Crew Leader Garey Inman states, "This year's program has met the objectives. Enrollees Robin Boyce, Melinda Wilson, Jeffrey Hodges, Dickie McDonald, and Bruce Fraser have worked hard and have done so without any personal injury." All enrollees will be awarded Certificates of Completion.

NOTES FROM THE BETHEL LIONS DEN

The Bethel Lions Club closes their Lions year in June with a family cook out and closing words from the King Lion, "remember the corn". For the past 16 years, it is the corn that starts the new Lions year in Bethel and not a date on a calendar. Just Mother Nature and the green thumb of Lion Jay Willard that brings the Bethel Lions together for a new year of community services. And, what better way than an old fashioned cookout and corn roast. That's just what took place Tuesday, Aug. 23, at the home of Lion Jay Willard. Jay knows his corn, when he gives the word, "the corn is ready" it is, it's at its peak of sweetness and tenderness. This year's corn roast was well attended by the Lions, their families, and friends. A delicious cookout and roast was enjoyed by all, and thanks to the Willards.

A note to the members, the club will hold its August Board of Directors meeting on Tuesday, Aug. 30, at the home of Lion Howard Donahue at 7 p.m.

BETHEL HISTORICAL SOCIETY GRANT TO PUBLISH ARCHITECTURAL GUIDE

The Bethel Historical Society, headquartered at the Moses Moses House, has received word from Earle G. Shettleworth, Jr., Director of the Maine Historic Preservation Commission, of a grant to the Society to complete work on a publication outlining Oxford County's architectural heritage. This grant, administered by the Bethel Historical Society for the Oxford County Heritage Resource Survey, follows another grant received in the spring of 1982 which covered costs of the remaining research and writing towards final publication. While the 1982 grant was originally planned to encompass actual publication costs, during August of last year the possibility arose of making application for a separate grant to cover this, allowing additional funds to cover the needed research on sites of historic and architectural worth.

The Oxford County Historic Resource Survey began in 1980 under the direction of George R. Allen and had as its major goal an inventory of and eventual guidebook to the historic architecture in Oxford County dating before 1930. Due to funding cutbacks in 1981, the Survey was revised and volunteer efforts continued the pattern of research until funding became available again in 1982. Under last year's grant, Randall H. Bennett, former chairman of the Bethel Society's Education and Research Committee and a frequent contributor to the quarterly "Courier", published by the Society, joined the Survey staff. With nearly all the writing for the architectural guide complete, the Society has appointed Bennett, who has

published widely in Maine magazines and historical journals, to conduct the Survey's remaining work and serve as coordinator for the Oxford County volume. Bennett, the editor and publisher of the regional history "Sunday River Sketches: A New England Chronical" (1977), hopes to have the architectural guide available to the public early in 1984.

LITTLEHALE REUNION

On Aug. 21 the 43rd Littlehale Family Reunion was held at the home of Dee and Alvin Hinchison in Gorham, Maine, with 30 members attending. Opening prayer was given by Lawrence Littlehale. A delicious meal was enjoyed of hot casseroles, beans, salads, and desserts, ice cream, punch and coffee. A lovely decorated carrot cake was made by Steve Dunham of Beverly, Mass.

Following dinner two games were played with prizes going to each winner. Each family brought a homemade gift and numbers were drawn.

The business meeting was brought to order by President Earl Andrews. The secretary's and treasurer's reports were read and accepted. A moment of silence was held for departed family members. Especially remembered was Margaret Hawkins, who passed away a few weeks ago and for any others they weren't aware of.

An invitation was accepted from Anne and Dave Dunham to meet with them again next year on the 3rd Sunday in August.

It was voted to pay expenses of food, paper goods and post cards. Also to up-date the mailing list. Officers nominated for the next year were Earl Andrews for president and Christine Pheffer for secretary and treasurer. The oldest person present was Elsie Flint Hawley, Andover; youngest was Tom Dunham, West Paris.

TELSTAR VARSITY CAPTURES FIRST ALUMNI SOCCER GAME

The Telstar field was the site of the first alumni soccer game on Aug. 19. Many alumni returned to give the varsity soccer team its first contest of the season. The alumni battled for three quarters giving up only one goal on a penalty shot, but the varsity broke loose with two fourth period goals to run the final score up to 3-0. Bruce Barth scored the penalty shot about half way through the first period. The second period belonged to the alumni as they dominated play and set up several scoring opportunities. The varsity began to gain momentum through the quarter and the alumni slowly ran out of steam. Josh Putnam scored both fourth period goals about two minutes apart midway through the quarter. Brandon Salway and Larry Austin combined for the shut out in goal for the varsity.

The Telstar varsity wishes to thank referees Henry Dombkowski and Dan Hannon, all the spectators who attended, and the alumni who returned to provide the competition.

Another glorious week and we froze all the corn, some carrots and yellow turnips. So far we have picked three cukes, have lots of blossoms but guess they need water.

Sincere sympathy is extended to the family of Basil Green. We shall all miss him. No matter when or where we met Basil, he was always the same and ready for a joke or story.

Mr. and Mrs. Dominic Potkewich of Saugus, Mass., called on Mr. and Mrs. Joe Vatcher Monday. They had been to a "Bee Keepers" Convention at Orono. There were 704 registrants for the Aug. 10-13 meet. They had been to Mt. Washington, had a ride on the Cog Railroad, went on the Kancamagus Highway, also to Berlin, N. H., where they dined at a restaurant and had a delicious feed including a freshly made raspberry pie. They visited friends in Weld and Phillips, and were going to visit friends in southern Maine before going home. Their reports were of interest to Joe Vatcher as he used to be a "bee keeper" when he lived in Massachusetts. When he moved them to his home here in Maine, it was too cold for them

Drastic weather changes are being blamed for a flu type illness which is making many people miserable.

The fellowship hour was treated to some goodies from the Bulldog Diner. Leslie Aron has a local reputation for her culinary ability so it is no surprise we are hearing complimentary reports on her venture there. We congratulate the family and wish them continued success.

Sympathy is extended Eleanor Hutchinson and family of Florida following the death of Ray earlier this summer. The Hutchinsons owned the property now owned by Lanocheles and were long time summer residents of Upton when they resided in Massachusetts.

Callers at Lawrences: Rhoda Vatcher, Mr. and Mrs. Dale Coffin and Jimbo, Jeanne Millett, and Sherry, Mr. and Mrs. Joe Vatcher, Arnold Coffin, Arlene Ellis and grandson, Randy, Lena Kangas, Mr. and Mrs. Henman Card had lunch with the Lawrences Tuesday noon.

Mrs. Cleon Pinkham, formerly of Bryant Pond, lived at Corpus Christi, Tex., for six months and just six weeks ago they moved to Colorado Springs, Colo. Mrs. Pinkham is a niece of Eveline Vatcher and Doris Lawrence. Mr. Pinkham works for Uncle Sam. Were they ever lucky to be on safe ground? The Lord was on their side.

It's good to have cooler weather for a few days. Already the days are much shorter. We have been to the Community Hall preparing for our Aug. 27 supper.

from Upton, Berlin, Enrol and Gorham.

The Scotts entertained several guests over the week end.

One of the well known T. V. Christian preachers reported that the F.B.I. has uncovered a plot to assassinate him. Other reports are that every large ministry is threatened by a separate group dedicated to destroying them. In many places, if not all, it is illegal to hold street meetings. This is especially hurting the Salvation Army. This is America, folks, becoming more and more controlled by atheism. Read your history to see what happened to other countries who have fallen into this pattern and ask yourself if the difference of opinion in church are worth fighting over—such as the choice of hymnals, the promptness of the pastor, or other human quirks, faults, annoyances, among laymen, congregation and pastors. If we don't hang together, we'll hang separately.

CARD OF THANKS

I want to thank all my friends for the cards and flowers and visits. And a special thanks to the doctors and nurses for the good care they gave me while I was in Stephens Memorial Hospital.

— Mrs. Colista Morgan, Cor. —

On the last brook-fishing this year, my niece, name, Colista, asked me try my luck with her, sons, daughter-in-law, father. It had been many since I had been trout fishing.

Morning in the forest is for the smell of spruce and pine. The breezes over the miles of them, when they are wet, then brings out the resins. Then to me are a lift to the spirit. I loved this adventure! I back time to other days of forest trips.

We traveled in a Jeep north to the mountains. All along the way I minded that summer is by. I became conscious we progressed. Here are a few red leaves in scanty.

Grasses are turning brown, tawny, daisies, and hawk longer sparkle the fields. There are brown-eyed Susans, zesty starting at each other. Pye, towers by the mile. Adds its gold to the landscape.

We passed through Bethel beauty; the Androscoggin flowing past the village ed valley is broad and pretty. Trim fields, well formed mountain-background with sun, a true setting lovely blue curving waters.

To me, no where in Maine the mountains more impressive than on through Grafton. Looked up and up to Tabby which Ruth and I climbed times.

Somewhere beyond here we ed into a wood-road where sure is seldom used. The really "took it" from side front, whipped by alders. The turned for at least two miles we hiked some miles before ing.

At the brook, wider than expected, I first noticed a flight, bringing out the pure beauty of the bush and water. An extraordinary charm. The at times was a ribbon of against the velvety darkness evergreens.

I was thrilled with my catch.

The walking was very hard. The banks so I took to the waded, as did Colista and dad. The rocks were slippery. I staggered on carefully, Colista was always there to help. She saved me from plunging. I waded brooks when fishing, but I guess forgotten that 12 years had by since I last fished.

The brook twisted and turned. Sometimes I'd be headed straight toward a mountain top for a only to notice a little later off to the right or to the left. Maybe reappear before me surroundings were beautiful unspoiled because man does there often.

From a huge pool we had catching and returning. Hope

On the last brook-fishing day of this year, my niece, with my name, Colista, asked me to go and try my luck with her, her two sons, daughter-in-law, and her father. It had been many years since I had been trout fishing, so I accepted.

Morning in the forest is the time for the smell of spruce, balsam and pine. The breezes blowing over the miles of them, especially when they are wet, then the sun brings out the resins. The forests to me are a lift to the spirit. How I loved this adventure! It turned back time to other days and other forest trips.

We traveled in a Jeep facing north to the mountains.

All along the way I was reminded that summer is slipping by. I became conscious of it, as we progressed. Here and there a few red leaves in scarlet splendor.

Grasses are turning brown. Buttercups, daisies, and hawkweed no longer sparkle the fields. Instead there are brown-eyed Susans brazenly staring at each other. Joe-Pye, towers by the millenium, which adds its gold to the landscape.

We passed through Bethel's quiet beauty; the Androscoggin River flowing past the village edge. The valley is broad and pretty and its trim fields, well formed. The mountain-background was touched with sun, a true setting for the lovely blue curving waters.

To me, no where in Maine are the mountains more impressive than on through Grafton Notch. I looked up and up to Table Rock which Ruth and I climbed several times.

Somewhere beyond here we turned into a wood-road which I'm sure is seldom used. The Jeep really "took it" from sides and front, whipped by alders. This continued for at least two miles then we hiked some miles before fishing.

At the brook, wider than I expected, I first noticed a flood of light, bringing out the purple of the mountains and the water. The beauty of the bush and bank added extraordinary charm. The brook at times was a ribbon of silver against the velvety darkness of the evergreens.

I was thrilled with my first catch.

grow before I return again next year. On the right bank here I noticed a spruce looking like a huge giant ready for a scrap, while other trees billowed out fat and heavy.

Moose and deer had crossed in many places. I hoped to see one. We fished on and the afternoon began to ease away, so the time came to find our way from the brook to the Jeep. No problem for Colista.

We first crossed a tiny opening filled with a tangle of tall weeds, mostly goldenrods and grass. Then we passed through alders and reached the road where the Jeep waited. Fred, my brother, and I rested. Colista went to look up the others. While waiting we admired the fall flowers, especially the white clusters of the Pearly Everlasting. Though the stems and leaves are still green, it is dry and unwithering like an artificial flower. Around us the air was full of cries of the leaves and grass and softer than those of the flowers. Only the crickets broke the silence. But a few pests did appear—the mosquitoes, occasionally a black fly and many of the flies which resemble houseflies. These didn't bite but were very unpleasant.

We had a lunch, exchanged happenings then climbed aboard for another alder slapping ride.

I admired the girl who had never fished or been on a forest trip like this, and also the nine year old boy. What good sports they were!

The road went snaking along through endless trees. On the main highway the mountains loomed solid and massive. Little white streams were like unbound hair dropping over ledges. After miles of matchless view I was home again but the others had miles yet to go. The gentle twilight was beginning to draw a shawl about its shoulders and pin it with stars.

This day was made of joy and peace.
With bright green fields to see
And amber sun to wash the road
And waters singing free.
I'll keep this lovely golden day
A treasured time apart.
Like many other lovely days
Saved softly in my heart.

I wonder if he is lost or is he just seeking a new location. He is usually quick to take alarm but this one waits for a close approach before he breaks his statue-like pose with a wing spread of about 60 inches. This Blue Heron has come in to the private pond of the Tamminens and how he is enjoying himself! No doubt the Tamminens are, too. "This proud American" is a beautiful landmark on the American scene from the Arctic to Colombia and Venezuela.

It has been a busy but fun week for Doris Hayes for her families were home. — Louise Loring, Corres. —

Have you noticed the Harvest Moon—shining like a giant golden sphere up in the Hemisphere—the clouds of velvety-black slinking lazily over its surface—the breezes blow with a nip of cold in the air—and the trees cower and bend almost to the ground, their leaves turned inside out—as if in despair—that soon they will lose their green splendor? The gardens are abounding with the fruits of our labors, and most housewives are picking the products, fresh and rushing to the freezers (less time to prepare—and more leisure time). Remember when ladies tied with one another to win the blue ribbon for all the county, at the fairs? Each lady trotted her guests off to the cellar to view the rows of brightly colored carrots, beets, beans, corn, raspberries, plums, peaches and applesauce, in shining glass jars posed in small wooden closets, covered with large wire meshing, to keep off the dust and "get the air." Each little jar was uniformly packed and each one bore a label, noting the date that that certain product had been "put-up" so I thought it, at this time to be most appropriate to look back into my mother's old cook book, to see what those ladies considered to be their delicacies.

My mother's cook book is an old black ledger book, and each recipe is written by the lady herself or at least, the name of the lady who gave her the recipe. This book was started by her as a young bride in 1917 and is worn and tattered, but its contents are unique and most treasured.

For instance, Mrs. Columbus Kimball's home made honey: boil together 5 lbs. sugar, 1 1/2 pints water, take petals of 6 to 8 roses, 20 white clover blossoms, 15 red clover blossoms, "alum" the size of a cherry; boil sugar and water until clear, add alum and boil two minutes, add flowers and boil for one minute. Strain through cheese-cloth—let set for 10 minutes. Bottle and cap.

Another: Aunt Annie's peach wine—1 large can of peaches, 2 small cans apricots, 5 lbs. brown sugar, 3 lbs. raisins, 3 oranges, 2 lemons, 6 qts. boiling water. Cool—add 2 yeast cakes. Let work 10 days—stir each day. Bottle in small bottles—as this is most potent. (This is stressed highly—small bottles!)

Gran Herriek's chili sauce: 12 ripe tomatoes put through sieve 1 red pepper chopped, 1 large onion, 4 tsp. sugar, 1 tsp. salt, 2 cups vinegar—while cooking add bag of whole spice, cook till thick, stirring often. (No meal on Saturday night at Gran's was complete without her chili on home baked beans.)

Sour cucumber pickles (Mrs. Florence Cushman): Small cukes; brine, 6 cups vinegar, 1 cup white sugar, 2 tsp. pickling spice, 1 tsp. mustard, 1/4 tsp. powdered alum; fill a large crock. (Do you know what a crock is—a large earthenware jug stored in the cellar with a cover that fitted tightly.)

Aunt Villa's mince meat: 1 pk. green tomatoes ground in grinder, cover with hot water, boil, drain under cold water in strainer (for 3 different times), grind apples until you have same amount as drained tomatoes; 2 lb. s. suet (ground), 2 lbs. brown sugar, 1 lb. white sugar, 1 cup molasses, 2 cups cider vinegar, 1 tsp. cinnamon, 2 tsp. cloves, 1 tsp. nutmeg, 1/4 tsp. salt (these folks never used lye salt!), and were all the happier — "salt" brought out the taste). Cook slowly, pack in jars while hot and seal. (I've made this, is delicious—after all that grinding you're bushed—but it's worth it!)

These ladies knew how to prepare a royal meal—and they didn't accomplish it in two minutes flat. There was pride, in doing things with care, the processes were long ones—but the taste or satisfaction that they had for their labors, we find it hard to hold a candle to, today.

So perhaps, just for fun—some of my readers, will try these "recipes" as Mother calls them—and you not only will be rewarded by the family with many oohs and aahs—but inside your heart will swell with pride—when you find you, too, can make it from "scratch" and "make do!"

Mr. and Mrs. Chester Barnes of Nottingham, N. H., were week end guests at the home of Mrs. Stella Tyler. Sunday afternoon callers were Mr. and Mrs. John Tambora of Norwich, Conn.

Anita Ferrand was an outpatient at Stephens Memorial Hospital last Thursday where she had her left wrist operated upon.

Many people from town attended the lovely wedding of Kathy Corriveau and Kenny Cole, at the Gorham Catholic Church, Saturday. Reception following in Berlin.

Mr. and Mrs. Leo Belanger were guests of her son in Manchester, N. H., this past week end.

Mr. and Mrs. Richard Cross and Kelsey, were the guests of Mr. and Mrs. Gerald Loring, Sunday even-

ing, at an outdoor barbecue. Afterwards they all journeyed to West Bethel to play a couple of rounds of miniature golf.

(Note—please call in your news folks, 836-3673, thank you!)

A triple birthday party was held at the home of the Fernand Corriveau's for Florian Corriveau's 49th birthday, who resides at Andrews nursing home, South Paris, Frederick's 16th birthday and Fabian's 7th birthday, both sons of Fernand and Beverly Corriveau, on Aug. 17. Attending were James and Danina Corriveau and three girls, John and Christine Corriveau and two girls, Roger Corriveau Sr., Janet and Jane Corriveau, Dennis and Nancy Corriveau, Yvon and Maxine Corriveau and Tammy, all of Gilead; Lauriat and Cleo Corriveau of Locke Mills; Dale Konterhouse and Kevin Billings, West Paris; Roland Morin of Gilead.

Guest of honor, Florian Corriveau, spent the night and Beverly took him back to the nursing home on Aug. 18.

On Aug. 19 a birthday party for Franklin Corriveau's 14th birthday was celebrated with family and friends in attendance, comprising Mr. and Mrs. William Kelley of Norwood Mass., Kelly and Kristy Hanson of Gilead, James and Elaine Sweetser of Gilead.

Mr. and Mrs. William Kelley, Barbara and friend, Warren, are spending a couple of weeks in town at their camp.

Mrs. Myrtle Sylvester, Penny Robinson of Albany and Thomas Robinson Jr. spent one day of last week in town with Beverly Corriveau and children. The children were taken to Wild River where fishing and swimming were enjoyed.

Fernand and Beverly Corriveau and family went to Dover, N. H., and took back Rocky Corriveau, after spending the week with them. Their week end was spent visiting family and friends in Dover, Rochester and Farmington, N. H.

Locke Mills

Mrs. John Mills, Corres.

The Greenwood Fire Department Auxiliary meeting will be held next Tuesday, Aug. 30, at 6:30. This meeting had to be changed due to conflicting schedules of the officers.

North Pond Sailing Association held their last race of the season at Lake Christopher Sunday with abnormally high winds, making sailing difficult. Winner of the trophy was Greg Cushman, Bryant Pond; second, Al Wescott, Norway; third, Charles Johnson, Bryant Pond. Winners the week before at Indian Pond were Rodney (Bing) Cross of Dixfield, Sylvia Martin, Indian Pond, and Blaine Mills, Locke Mills.

Everett Cross was taken by ambulance to Stephens Memorial Hospital last Thursday evening after suffering an insulin reaction at his home. He is recuperating well from that, but has not been able to come home due to congestion in his chest. His wife, Vera, has been able to visit him every day and on Tuesday Mrs. Rowena Dunham went with her. On the way home, they stopped to see Lula Swan at her home.

Mr. and Mrs. Eric Paul and family of West Bethel spent last week and this week at Charlotte Cole's camp lot. They had to interrupt their vacation for the birth of a new son, but the family, along with grandparents, continued to enjoy camping.

Several from the community attended the wedding of Katherine Coriveau of Gilead to Kenneth Cole of Greenwood Center. The wedding was held at Holy Family Church, Gorham, N. H., Saturday, Aug. 20.

Mr. and Mrs. Roy Smith of Wallingford, Conn., returned home Sunday after several days with her mother, Lillian Lapham, and his mother, Esther Farnum, South Paris. Naomi Smith, Southington, Conn., who had spent two weeks with her great grandmother, returned to Connecticut with her grandparents.

Mr. and Mrs. Hugh Swan were on vacation last week and enjoyed boating and fishing along the coast.

Mr. and Mrs. Wentworth Potter, Julie and Suzanne, left Thursday morning for their home in Chester, Me.

Reports are that Erlon Bean and Charles (Buster) Morse are recuperating well from their recent heart surgeries, and Bill Roberts is able to be out again, following a heart attack several weeks ago.

The Greenwood Fire Department Auxiliary, families and guests will hold their annual picnic Sunday, Aug. 28, at the recreation field, beginning at 11 a. m. Grills will be provided as in the past. Everyone is asked to bring his own meat, a salad or dessert to share, and his eating utensils. Corn, drinks and chips will be provided by the Auxiliary.

CARD OF THANKS

I would like to thank my family, friends and neighbors for all their many kindnesses shown to me during my recent hospitalization and surgery. Thanks to Dr. Lacombe, Dr. Story, Dr. Hamilton and all the wonderfully kind nurses of the Stephens Memorial Hospital. Thanks to Rev. Grover and the congregation of the Calvary Congregational Church of Andover for their prayers. Bless all of you.
